Tasting Notes

At first it is closed. Once decanted and oxygenated it reveals the authenticity of the grape varieties with a delicate nose bringing bright and authentic fruit notes. The sensations transmitted throughout the tasting are in constant evolution ... A wine to discover!

16 - 18 °C

Temperature

The manual harvesting for boxes of 20 kg occurred on September. In the "vinha da eira" plot we went to get the Trincadeira and the Aragonez halfway down the slope; in the "vinha do Monte" plot, we went to get the Touriga Nacional near the stream and in the "Vinha Velha" plot we went to get the Alfrocheiro.

Harvest

In the cellar, the grapes, after destemming and slight crushing, fermented naturally. Part of the lot aged 6 months in used French oak barrels. The wine was not filtered. It was bottled in Marc 2022.. Throughout the process SULPHITES WERE NOT ADDED.

Winemaking

EU-P067001

V-Label licence

Suitable for vegans/vegetarians (no animal-derived fining agents used).

Others

The decantation and oxygenation of the wine is always recommended. The wine has not been filtered so it is subject to deposit.
